

# donate with the earthlift

+

For every sale of **Stertil-Koni EARTHLIFTS**  
Westvac Industrial will **donate 1% of the sale price** to a local charitable organization focused on environmental preservation and sustainability!

**stertil** **KONI** **EARTHLIFT**

The **EARTHLIFT** is the most environmentally-friendly wireless mobile column lift in the world, setting the **'green standard'** in the international heavy duty lifting industry.

If your organization purchases a set of Stertil-Koni Earthlifts, a donation will be made in your name to a charitable organization focused on environmental sustainability in your region. If you already work with an existing charity, Westvac Industrial would be happy to send the donation to that organization instead.

Some of the environmental Features/Benefits of the Stertil-Koni Earthlift are:

- Regenerative battery power – Active energy retrieval system recharges the batteries 35% more
- Operates off biodegradable vegetable oil
- The lift column itself and the battery system are comprised of recyclable components
- Electronic components according to environmental norms, RoHS
- Variable Speed Control during up/down travel
- On Screen Built in Weight Gauge – in lbs or kgs

*You can claim charitable tax credits through this program.*
